

XIV International Scientific and Practical Conference dedicated to the memory of Basil Matveevich Gorbatov on "Future directions of research in the field of processing of raw meat and development of competitive foods"

On December, 6-7th, 2011 **XIV International scientifically-practical conference devoted to Vasily Gorbatov's** memory on a theme will take place:

«Perspective directions of researches in the field of processing of meat raw materials and creation of competitive foodstuff».

Conference will pass in the All-Russia scientific research institute of the meat industry of V.M.Gorbatov who is to the address:

Moscow, street Talalihinina, 26, a conference hall - 2 floor, the beginning at 10.00 o'clock.

The conference subjects provide consideration of following problems:

- Innovative production technologies of foodstuff;
- A branch raw-material base, animal industries and veterinary medicine;
- Modern methods of researches of raw materials and ready products;
- Manufacture of a safe product of the guaranteed quality;
- New kinds of packing, components, complex additives and technology of their application;
- Economy, marketing, advertising;
- Processing of secondary resources of the meat industry and branch environmental problems.

In the conference program reports of leading domestic and foreign scientists are provided. Conference materials will be published in the collection of works.

It is necessary to send all materials according to requirements [to registration of articles](#)

For all questions, please contact the Organizing Committee of the International Conference:

Tel / fax: +7 (495) 676-9521, fax: +7 (495) 676-9551

«Development priorities.Economic efficiency bases.Competitiveness. Changes in the food legislation»

Date: on October, 12th, 2011

Place: Congress center "Expocentre"

The address: Moscow, Krasnopresnenskyemb., 14

Dear participants of the agrofood market!

On October, 12th 2011 in Moscow within the limits of 16th international exhibition AGROPRODMASH will take place the Meat congress, which will unite more than 100 manufacturers and meat-processors, scientific experts, advisers for technics and the equipment, purchasers and suppliers of raw materials and many other participants of the agrofood market for discussion of changes in the food legislation, discussions on a theme of safety and competitiveness will take place, dialogues is around sold also logistics.

We invite you to use possibility to meet colleagues on the market for discussion of prospects of development of branch, competitiveness and cooperation in meat and food branch.

Action will pass in a format of the performances, open dialogues and live discussions. The attention quantity of places is limited!

About conditions of participation you can learn on following contacts:

Hot line (conditions of participation and registration): +7(495) 642-3271

The organizer: VNIIMP of V.M.Gorbatov

The contact person: Marina Savelyeva
